Cher ami,

I am writing to you in English, because it is easier and faster for me. Roy Oppenheim, the leader of the cultural department of Swiss tv and boss of Wehrli, is very interested in your work and will be in Paris April 24-26. Vera and I will come to Paris samedi April 26 and we would suggest that Roy Oppenheim and we will see your exhibition the same day together and that we all come to your atelier and spend the evening together. We have got a room at Hotel des Saints-Pères.

Please confirm this arrangement, and send invitations to your exhibition both to us, and to

Monsieur Roy OPPENHEIM

We will try to see your show in Lausanne before it closes, but we will not be able to come to Paris on Veras birthday.

If I can, I will call you sunday April 6 after the filming.

So long.

Amitiés,
