Dear Sir,

THE INTERNATIONAL WHO'S WHO 1973-74

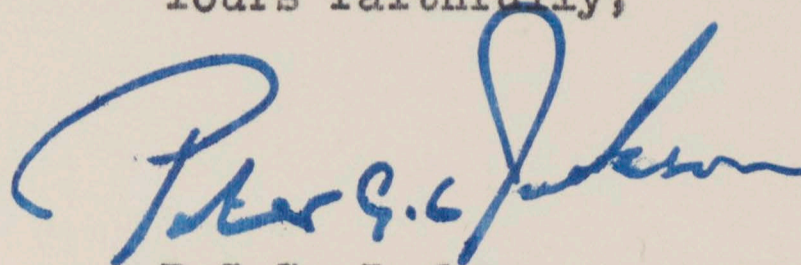

The new edition of THE INTERNATIONAL WHO'S WHO, in which your name appears, is now available. This book is a register of merit, a record of achievement. It is the result of critical selection by an editorial board whose sole criterion is excellence and whose object is to present a volume which accurately reflects the status of eminent men and women in the principal spheres of human activity.

Many of those whose names appear in THE INTERNATIONAL WHO'S WHO make frequent use of the unrivalled wealth of biographical information which it contains and find it of great value to own a copy.

I am sending you particulars of the current edition - the 37th - because you may feel that you would like to place a copy of this unique book in your personal library or in the reference collection of your office or organization.

The 1973-74 edition of THE INTERNATIONAL WHO'S WHO contains more than sixteen thousand names and runs to 1,879 pages. Copies may be obtained through good bookshops anywhere in the world, or, if you prefer, direct from this office.

Yours faithfully,

P.G.C. Jackson
