Dear Mr. Esmeraldo:

Closed to the general public, ETCHINGS INTERNATIONAL works primarily with architects and interior designers throughout the U.S.

We attended the First Annual Graphic Arts Biennial in Puerto Rico recently, and were most impressed by your works exhibited there.

We are planning a Latin American Print Exhibition in September, and we would like to exhibit your work at that time. Our exhibitions are attended by architects, who work on large contract installations such as RCA, IBM, Chase Manhattan, Plus others.

We frequently publish our own editions. We would like to have a group of your prints in the gallery in order to make a selection for the exhibition.

We would appreciate you sending your prints as quickly as possible. Please pack all works in a heavy cardboard roll to avoid damage.

We thank you for your courtesy, and look forward to hearing from you at your earliest convenience.

Sincerely,

Pearl Goodwin
