Dear Iole de Freitas:

Today I received your letter regarding the internship here at The Museum of Modern Art. Unfortunately I had already sent a letter to Ziraldo Alves Pinto and I enclose a copy. It does not emphasize the design aspects of your internship as you had hoped and I can only say that I hope that your request for the fellowship is still considered favorably.

We look forward to your stay. I do hope you will not be disappointed by what we have to offer. We will make every effort to keep you in touch with our Exhibition Design Department but a great deal of your time will be spent in the Registrar's Office. I must say that if you do join the staff of the Museu de Arte Moderno you will find that the experience from the Registrar's department may indeed be very, very useful.

Sincerely,

Elizabeth Streibert  
Associate Director  
International Program
