Dear Sergio,

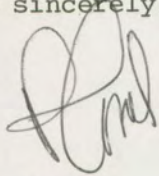

Thank you very much for the catalogue of your exhibition 1981 in Pordenone.

Your last show with us was in 1974. We would be delighted to give you another exhibition but we are unwilling to pay any transport costs owing to the overheads this would entail.

If an exhibition was arranged which could deliver to us the complete show and subsequently take it away again (except the works sold) it would be wonderful to show your work and keep the U.K. public informed of the development of a major Brazilian sculptor.

Please let me know if ever such an occasion should present itself. There are a number of vacancies in our programme as from January 1982, providing we get adequate notice in advance.

Yours sincerely,

PETER GIMPEL
