Dear Mr. Camargo,

The package of the beautiful photographs of your excellent works arrived here while I was away in Europe on a business trip, so that I could not write you the letter of thanks earlier notifying the arrival of the package. I hope you would be broadminded enough to understand that situation and forgive me for the delay.

We are very pleased to know your works in those photographs for the first time, and are deeply impressed. I thank you ever so much for your having gone through trouble to prepare and mail them to me.

With heartfelt gratitude and best wishes for your further success, I am,

Very sincerely yours,

Kiichi Iino
