

NAME (SURNAME FIRST)

FREITAS ANTUNES, IOLE

ENGL. 7

--	--	--	--	--	--	--

CONDITIONS OF THE LASPAU SCHOLARSHIP

1. LASPAU applications and awards only apply to the current year; they cannot be carried over to future years.
2. Candidates should have a bachelor's degree before they arrive in the United States. Doctoral candidates must have a master's degree.
3. Candidates agree that LASPAU is responsible for final placement in U.S. universities, and that university placement depends on both the candidate's credentials and scholarship opportunities at a university. A Scholar may only transfer from one university to another for academic reasons.
4. U.S. universities reserve the right to determine the academic level in which Scholars are enrolled. Neither LASPAU nor any U.S. university can guarantee acceptance of credits a Scholar has received previously.
5. No Scholar may change his or her program of study without prior written authorization from both the sponsoring university and LASPAU.
6. Scholars must receive satisfactory grades to keep their scholarships; no Scholar may fall below the minimum required by his or her U.S. university.
7. After finishing their degrees, Scholars must return to their home countries and sponsoring institutions to assume the teaching, research, or administrative positions for which they have been contracted.
8. Candidates for the LASPAU award are required to take the GRE or GMAT in October of this year.
9. If a Scholar does not meet the conditions outlined above, LASPAU reserves the right to cancel his or her scholarship, thus voiding any accompanying obligations.

I certify that I have read and completely understood the above conditions, and I agree to abide by them if LASPAU grants me a scholarship. I also certify that the responses included here are true to the best of my knowledge.
