Dear Mrs. Yecies,

Thank you very much for your letter of June 14, which I am glad to answer.

1- I join a catalog of my exhibition in the Museu de Arte Moderna do Rio de Janeiro, on May 75, where you will find all the references you need concerning my biography and curriculum, as well as bibliographies, notices etc.,.

2- I have no special verbal comments to do about my works. It is very difficult to me to translate my specific plastic expression in a verbal language. Other people can do it much better than me, despite of my great interest in theoretical discussion concerning abstract and global issues of Contemporary Art.

I am out of Rio for a couple of weeks, but as soon as I come back I promise to send you all the material you need.

Sincerely yours

Sergio de Camargo
