Dear MR CAMARGO

I would like first to express my gratitude for your contribution of creative works to the International Open-air Sculpture Symposium and the World Invitational Open-air Sculpture Exhibition commemorating the 24th Summer Olympic Games.

The sculptural works will be permanently displayed in the Olympic Park symbolizing world peace and international harmony, the Olympic Ideal, as well as contribute to the promotion of cultural exchange between East and West.

I sincerely hope that you will find time out of your busy schedule from Sept. 28, 1988 to Oct. 4, 1988 to honor us with a visit to see your sculpture.

I look forward to the pleasure of meeting you in Seoul, I remain,

Sincerely yours,

Park Seh-Jik
President
