Dear Sergio,

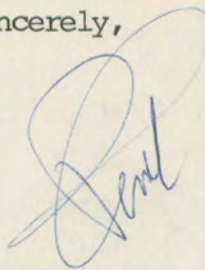

Thank you for your letter of 14th December.

With special reference to the works in Zurich which you might be interested in having back - nos. 104, 159 and 178 - please write to Anne Rotzler direct about this.

I have written to New York and asked them to send on to us, for eventual shipment to you, one of the marble columns and any other reliefs which they cannot use.

Best wishes to you and the family from us all in the gallery for Christmas and the New Year.

Yours sincerely,

Peter Gimpel
