Dear Mr. Kiichi Lino,

I have just received the two very beautiful catalogues from Marino Marini's and Calder's expositions, as well as the pictures you took here at home. Thank you very much.

I am leaving to Buenos Aires, where I shall be showing some of my works at the Centro de Arte y Comunicación, and shall soon return to prepare an exhibition in the Museu de Arte de São Paulo. It will be a pleasure for me to send you the catalogues of these shows.

Toyota called me and told me about an eventual exhibition you would like to organize. I would be very grateful if you could send me more informations in time for me to schedule it.

Sincerely yours,
