A photograph of a yellowed page from a notebook. A large, semi-transparent watermark runs diagonally across the page, reading "instituto de arte contemporânea". On the right side of the page, there is a hand-drawn technical sketch. It features a horizontal line with several points marked by small squares. Above this line, the number "10,50" is written. Below the line, the numbers "511" and "530" are written. To the right of the line, the numbers "265", "269", "267", "264", "16m", "270", "260", and "260" are written above the line. At the bottom right, the text "dthr" is written next to a small sketch of a vertical line with a horizontal extension.

The image shows a yellow legal pad with two hand-drawn architectural floor plans. The left plan depicts a room with a main area of 10m by 6m, containing a central 6m x 6m square and several doorways. The right plan is more intricate, showing a multi-room layout with a large circular feature, and includes dimensions such as 10m, 8m, 6m, and 5m. Both drawings are accompanied by handwritten notes in Portuguese.

ponto distântia do deck

Concluído;

A - Se o ponto 2 = P estiver a 6m do DECR,

o inicio do círculo estará a 9.50m do DECR (deve ser 9.75m mas está inclinado) Verificar se o círculo é OK

B - Se o vértice do círculo P estiver a 7.50m do DECR,

está no menos da distância = OK  
Verificar se o círculo é OK
