Date : December 16, 1989

Dear Sir/Madam,

It will please you to know that thanks to your participation in the World Invitational Open-Air Sculpture Exhibition your sculpture, currently displayed in the Olympic Sculpture Park, contributes enormously to the attraction of this cultural site.

Not having received a response to our letters of August 21 and October 11 requesting an explanation of your sculpture, we are once again writing to let you know that this is your last chance.

In order to help the visitors understand the works of art displayed in the Olympic Sculpture Park, the artists have taken the time to send us their interpretation which we have displayed in front of their sculpture. We sent out the request to all the artists (entitled : Artist's Interpretation), but yours is the only one missing.

It would be a real pity if your sculpture were the only one without an explanation by the author.

So as to remedy the matter, we request that you send us a short passage of about 10 lines in English by January 15, 1990.
