J. scholarships - bourses d'études

Candidates are encouraged to seek scholarships within their own countries - from governmental institutions, foundations, or their employers.

Holding a scholarship in no way ensures selection for a course, nor does admission to a course entail concession of a scholarship.

The principal sources of financial aid for ICCROM trainees are the following:

UNESCO: If you wish to apply for a Unesco fellowship, your candidature must be submitted through your government. No financing for ICCROM fellowships being foreseen in the Unesco regular budget, your government must submit a request for assistance under the Programme of Participation in the Activities of Member States. This request must be made through the Unesco National Commission of your country.

Individual candidatures cannot be taken into consideration.

Simultaneously, you must fill in a «Fellowship application» form (available at the National Commission) and send it to the Unesco Secretariat. Copies of your application forms must also be sent to ICCROM for information. The deadline is 15 February of the year preceding the course.

ITALIAN GOVERNMENT: Candidates must apply directly to the Italian Embassy or Consulate in their country. The deadline varies depending on the country, generally 15 January.

E.E.C. & ITALIAN GOVERNMENT THROUGH ICCROM: A very limited number of E.E.C. (for citizens of the nine Common Market countries) and Italian Government scholarships are granted directly by ICCROM. Requests for these scholarships must be sent to ICCROM together with this application form.
