TO WHOM IT MAY CONCERN

This is to state that we have known Mr. Sergio Camargo for some twenty years; he is an artist of international reputation and has exhibited in the gallery here many times. His work is known in Europe, the UK and in both south and north America.

We would be grateful for any help accorded to him by the Visa Section of the American Embassy to enable him to visit New York for a week en route back to Brazil.

Yours faithfully,

Peter Gimpel  
Director
