The Artists
Work
in his Loft

On Friday April 10 ten New York artists will open their studios to the public for the third Ten Downtown. The purpose of the group is to exhibit now, in their studios, regardless of where else their work may be shown. Ten Downtown offers a unique opportunity to the public to see what working artists want to show in the way they want it.

The artists of the Downtown 1970 are pleased to announce the publication of a Graphics Portfolio, in a limited edition of 100, with original graphic works by the ten participating artists: seven silkscreens, one lithograph, one collage, and one etching, each print numbered and signed by the artist. Copies may be purchased at the opening price of three hundred and fifty dollars. The complete portfolio may be viewed during exhibition hours at each artist's studio. Advance reservations can be placed with Universe Limited Edition, Universe Books, 381 Park Ave. South, New York City 10016, MU 9 0276.
