Dear Senhor Serpa,

I am extremely sorry that I could not purchase a second of your intriguing drawings and will have to be content with the splendid "1 - 18 August, 1969".

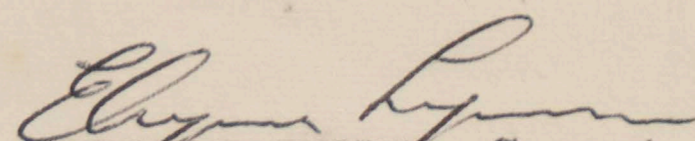

You should receive notice within the next month from the Bank of London and South America that U.S.\$300.00 has been placed there to your credit and will be available on the presentation of documents indicating that the work has been despatched and insured. As I told you, we will pay the fees associated with the despatch, insurance etc.

I suggest that in your case the drawing be sent in a cylinder by air.

I look forward to seeing it and having it framed as it well deserves.

Please accept my very good wishes.

Sincerely yours,

  
ELWYN LYNN, Curator.
