We recently learned from the Ministry of Culture in Madrid that, owing to building works which will require the temporary closure of the Centro de Arte Reina Sofía in early 1990, the venue and dates of the Latin American art exhibition in Madrid have been changed. It will now be held at the Palacio de Velázquez from 19 December 1989 to 11 March 1990. You will note that the opening and closing dates have changed (originally 15 January - 31 March 1990).

The Palacio de Velázquez has been recently renovated and is now fully equipped with the security and environmental controls appropriate for major fine art exhibitions.
