Dr. Goodall
Art Museum
University of Texas
AUSTIN - USA

Dear Mr. Goodall,
Sincerely,
SWSLR

I have recently received a kind letter of Mr. Damian Bayon where-by he invites me on your behalf to join a Latin American Artists Exhibition to be held in the Art Museum of the University of Texas next September. Naturally I do accept with pleasure your invitation and I will be very glad to help you in any possible way.

From what I recall you have seen my exhibit in the Museo de Arte Moderno at Mexico, held last year, so I guess you would know what specimens of my work you like best.

So I suggest you get in touch with my London dealers, Gimpel Fils, 30, Davies St. London W1 4LE Tel: 01-493.2488, - which have in their possession a number of marbels, similar to the ones shown in Mexico. I am sure they will be quite happy to help you. You can also through them get in touch with their New York branch, Gimpel-Weitzenhoffer, New York 1040 Madison Av. Tel: 628.1897.

This seems to be the best course, since at the present time, there are a lot of problems connected with the import and export of art works in Brazil. I am at your entire disposal if you might need any photos or other kind of information, and I would also be grateful if you can send me more details about the exhibit you are planning for September.

Please accept my best regards,

Sergio de Samargo
