Dear Mr. Camargo,

I am very sorry not to have answered your letter of 6th December, but I only got this yesterday. I think it must have either gone to 10, Ovington Gardens, or else been badly delayed in the Christmas post.

I am very excited about "La Couple". I hope it is still available as I should like to have it. This makes up for the great disappointment I have had from being informed by Signals, after it was reserved for me when you had taken it back, ~~that~~ it was no longer for sale.

Will you be coming to London soon? If so perhaps you could bring it with you and I pay you in cash.

With kindest regards,

Yours sincerely,

David Talbot Rice
